

In the Interim...

August 22, 2018

God has blessed our congregation richly this summer: Bible Camp with 104 campers and 78 volunteers, Mission Trip to Abaco Island with 24 participants, Fun in the Sun Youth Conference with 15 participants, Lectionary Bible Study, Celebrations of the Lord's Supper, and Summer Sunday Social fellowship.

At the same time, we are experiencing some extra expenses: lift rental for cleaning the steeple and church trim, installation of security keypads for doors, kitchen hood replacement to meet fire code, automated external defibrillator (AED) replacement batteries and pads, replacement of trash dumpster, repair of markers in cemetery to address safety issues.

Because of these and other expenditures, we need to make up a revenue deficit for this year. Please consider helping cover these additional costs as part of your faith giving.

This church is very generous in giving to those in need. With catch-up giving and conservative spending, we will be able to maintain mission and ministry commitments to ourselves as well as to others. Your contributions in the last four months of this year will make a big difference. Thank you for your dedication.

Wanda Neely, Transitional Pastor
